

Bright Hill Press & Literary Center of the Catskills SUMMER IN-PERSON / DISTANCED ARTS WORKSHOP FOR KIDS NEW PROGRAM!

Artistic Storytelling Through iPhone Photography

Bright Hill offers its first ever “Artistic Storytelling Through iPhone Photography” program with Nick Kelsh, July 26 - 30, 2021, led by master teaching artist and world renowned photographer Nick Kelsh. The program is limited to 16 students to ensure distancing measures.

The workshop instructor is photographer Nick Kelsh, who’s authored/photographed 9 books, taught thousands of amateur photographers in his online photography courses and live workshops, and has been featured multiple times on Oprah and The Today Show. Nick lives in Treadwell, NY.

**Course Description: July 26 - 30, 2021
M-F / 8:30 – 2:30 PM DAILY**

We all know that the best camera is the one that’s with you! We’re constantly taking iPhone photos to share the many worlds we live in with the people we love, but in this workshop we’ll stretch technically, creatively and artistically so your photography becomes a life-enriching channel for self-expression. This workshop will help you take your photos from commonplace snaps to extraordinary images that stand out and reveal something about you and how you relate to your world.

We’ll start off with the fundamental concepts of basic photography, then delve into the features and

capabilities of the iPhone camera (android users are welcome!).

We’ll cover portraits, self-portraits, group shots, landscape and nature photography, plus storytelling through multiple images. Finally, we’ll consider the value of words and pictures together to create an important third effect when sharing photographs.

The photo assignments will get you outside exploring the natural world in summertime—good for you mentally and physically—and the iPhone is a perfect tool for documenting our beautiful planet. The workshop will increase your understanding of your iPhone camera technically and creatively, resulting in memorable, meaningful photographs. The skills you acquire in this workshop will keep giving for a lifetime, regardless of the photographic hardware that may come our way, and your improved photography skills can add value to many activities and projects you’ll pursue in school and extracurricular activities. This workshop will enrich your body and soul, build your confidence, spark your imagination, hone your artistic eye and, above all, be fun.

We’ll have daily lessons, video tutorials, photo-assignments, personalized instructor feedback from Nick, Q&A sessions, office hours, daily review of class assignment photos, and a streamed virtual exhibit for parents on final day. The work created during the workshop will be exhibited in The Word and Image Gallery at Bright Hill and will be available for purchase. On the final day of the workshop, we will stream the exhibit on zoom for parents and students.
