

**DELAWARE ACADEMY SUMMER  
LEARNING PROGRAMS  
WITH BRIGHT HILL LITERARY CENTER  
SUMMER 2022**

=====

**LED BY BERTHA ROGERS & NICK  
KELSH | ABOUT the WORKSHOPS**

The In-Person Workshops take place at Delaware Academy (Delhi, NY). Space is limited to 25 students so early registration is advised (spring registration begins June 20, with a final deadline of July 5.)

**All Bright Hill workshops at Delaware Academy include** writing and visual arts and incorporate science and math for projects; we believe in **STEAM**.

**THE WORKSHOPS** take place from 9 am - 1:30 pm; Delaware Academy will provide lunch; students should bring a water bottle.

The workshops are designed by Bertha Rogers, master teaching artist and founding director of Bright Hill, and Nick Kelsh, renowned photographer and instructor.

Transportation will be provided to and from Delaware Academy from central locations in the district. More information will follow once registrations are finalized. Families may also self transport.

Nick Kelsh

Bertha Rogers

**1. SUMMER I - A WORLD OF WINDY &  
WILD WEATHER! - JULY 11 – 14**

(Taught by Bertha Rogers) – Grades 1 - 5 from 9 am - 1:30 pm, 4 days - Kids will learn about local, national, and international weather and changes in the weather. They will write poems and stories and riddles and build dioramas, sculptures, and artist books.

**2. SUMMER II – ARTISTIC STORYTELLING  
THROUGH iPHONE PHOTOGRAPHY –  
JULY 18 - 21**

(Taught by Nick Kelsh) – Grades 4 - 8 from 9 am-1:30 pm, 4 days - We all know that the best camera is the one that's with you! We're constantly taking iPhone photos to share the many worlds we live in with the people we love, but in this workshop, we'll stretch technically, creatively, and artistically so students' photography becomes a life-enriching channel for self-expression. A limited number of iPhones will be provided to students if needed.

**3. SUMMER III – BEAUTIFUL  
BUTTERFLIES, BAFFLING BATS - JULY 25**

**- 28** (Taught by Bertha Rogers) – Grades 1-5 from 9 am – 1:30 pm, 4 days – There are many butterflies in the skies in the Catskills, and we're lucky to see those regularly. Bats tend to stay out of sight, but the kids will learn where they live, what they eat, and how they sleep. They will write poems and stories and riddles and build dioramas, sculptures, and artist books.

**4. SUMMER IV – THE THIRD EFFECT:  
HOW iPHONE PHOTOGRAPHY & WORDS  
TELL STORIES - AUGUST 1 - 4**

(Taught by Nick Kelsh) Grades 4 - 8 from 9 am - 1:30 pm, 4 days – Kids will consider the value of words and pictures together to create an important third effect, captions, when sharing photographs. The workshop will increase the kids' understanding of the iPhone camera technically and creatively, resulting in memorable, meaningful photographs to build their confidence, spark imagination, hone their artistic eye and, above all, be fun. A limited number of iPhones will be provided to students if needed.
